

## Addendum to Biography V of Hadhrat Ayub-e-Ahmadiyyat

Some more visions of Humble Ch. Ghulam Ahmed, Mahmood the Second.

1 ) Year 1963        “In a vision I saw that an Ahmadi friend by the name of Bashir Ahmed meets me and hands over to me a white blank paper and said that you may write on it as you wish.”

2) Year 1964        “I had a dream that in Masjid-e-Mubarak at Rabwah, Ahmadi friends are sitting and very rapidly the scene changes and Sahibzada Mirza Nasir Ahmed Sahib appears to stand in the Mehrab and starts addressing the people but he is very shaky and expresses his weakness. The audience becomes lazy and slumber prevailed upon them. Thereafter a few more people appeared in his place to address but could not affect the audience and their condition continued as such. Then I saw that Hadhrat Sahibzada Mirza Rafi Ahmed <sup>as</sup> entered the mosque through the northern door and along with him there was also a person by the name of Abdul Haleem. Hadhrat Mian Sahib <sup>as</sup> reached the Mehrab and addressed the audience inspiringly and they woke up from slumber and joyfully became attentive and happy as they used to be during the speeches of Hadhrat Syedna Mahmood <sup>ra</sup> ”

3) Year April – 1965        “I had a vision that Hadhrat Sahibzada Mirza Rafi Ahmed <sup>as</sup> handed over to me nice cut fruits so that I distribute them among Ahmadi friends”

4) May – 1965        “ I had a vision that a person says to me that up till now you have been tried thrice which you passed, but now you will be tried with the

fourth test resembling the trial of Hadhrat Syed Abdul Qadir Jilani <sup>rh</sup> and Hadhrat Khawaja Moin-ud-deen Chisthi <sup>rh</sup> etc.”

Note: My this test started after 1965 and has continued till now. May Allah end it up soon successfully securing His Pleasure. Ameen.

5) Year 1966 “I had a vision that a railway train is coming from Sargodha side and approaching Rabwah and half of its portion (rail cars) has detached and been left behind. When the engine driver comes to know this then he applies the brakes and stops the engine. Then he decided to return back to re-attach the half of the portion which had detached and was left behind. No sooner he started to move the engine backwards it fell down on its left with the driver trapped underneath it. I immediately lifted the engine to put it back on track. The engine driver also remained safe then I very loudly said “extract oil of snake and drop it on the deformed track and set it on fire to straighten it.”

6) Year 1975 “I saw in a vision that newly converted Muslim the famous boxing champion Muhammad Ali is descending from heavens and immediately after landing he started his preparatory practice. It came to my mind that the victory is destined for him but still there will be bouts apparently.”

Note:- The interpretation that was revealed in my mind that it concerns Hadhrat Sahibzada Mirza Rafi Ahmed <sup>as</sup> who is the substitute of the Holy Prophet <sup>saw</sup> and also of Hadhrat Masih-e-Maud <sup>as</sup> as Mujadid Messenger for the 15<sup>th</sup> Islamic century.

7) Year 1982 Hadhrat Mirza Rafi Ahmed <sup>as</sup> had to make a decision regarding proceeding abroad as per one proposal. In this concern he also asked me to hold “*Istikhara*”. I did so then I had a vision that: - “I am alone in an open space and praying fervently with tears flowing from my eyes then my tongue uttered – This

is how Allah makes an intercessionist to whom He Wills and he is the Great Grantor of Graces – then I observed that at a little distance from there is a sick person dressed shabbily and muttering and saying something to himself and then he went away to enter into an old building of Islamia High School Mughalpura nearby.”

Note:- When I wrote this dream to Hadhrat Mian Sahib <sup>as</sup> he remarked it is **auspicious** and a great tiding.
