Dream and visions of Syedna Mahmood (RA) Vision number 529 – June 1951

I saw in a dream that I am in Qadian and there is a big mosque. I am going to lead a prayer service. When I entered the mosque there I saw that hundreds of people in long queues are waiting for the Imam. I proceeded and then stood on the prayer rug and commenced leading the prayer. At that juncture considering the surrounding environment that how large a gathering of the people has been arranged by God the Exalted and how vast the mosque is in which people are waiting; there developed in me tenderness and I started reciting Surah Fatiha and some other Surah of Noble Quran or part of it painfully and absorbingly. It felt that due to the recitation of Holy Quran the entire atmosphere is fragrant while in prayer service.

When I went in the mosque it seems out of excitement I am reciting the words of Tasbeeh (praise) in somewhat loud noise but not as loud as recitation (of Quran). But in such loud voice which could be heard. When I was kneeling for prostration then I felt as if I am awake and lying on my bed and knowing that I am awake I saw in a vision as if **I am two beings. One of my being is leading the prayer and the other is lying on bed.** My being which was leading the prayer the same went into prostration besides my side and I was hearing his voices of recitation of praise. Then this condition ended.
